STYLE & COLOUR GUIDE | EUROPE 2023

# THE SMART CHOICE

We're constantly improving our business, our products and our services.

We pride ourselves on providing well-made, durable tees that come in a huge range of colours and sizes. The Gildan® product line just got better, thanks to the addition of eight new Gildan® Softstyle™ styles and one new Heavy Blend™ blanket. We offer everything from 100% cotton tees and blends, from fleece to polos, and from relaxed fits to tailored fits.

We've structured our business to reliably manufacture consistent garments offering great value. And we continue to be committed to ensuring that all our products are made with respect for the environment, circularity, people, communities and transparency.

So whatever your printing requirements are Gildan® is the smart choice.

and high fives.

# GILDAN MADE WITH RESPECT™

LEARN HOW  
GILDAN MAKES  
THEIR APPAREL  
WITH RESPECT.

Gildan is made with respect for what matters most—the environment, people and circularity. Our unwavering commitment to strict, future-forward standards across our entire global operation enables us to Make Apparel Better® with respect to how we make it, who we make it with, and what we use to make it.

## RESPECT FOR the environment

We believe our consideration for the planet as shown by our past and current ESG initiatives at Gildan set us apart from the rest. From reducing fossil fuel consumption and carbon emissions, to managing water consumption and cleaning wastewater so it's safe to return to nature after use, Gildan is continually increasing the energy efficiency of its apparel manufacturing.

## RESPECT FOR circularity

We're committed to ensuring responsible consumption and production patterns. From recovering our waste directly within our supply chain, to using recycled polyester and high-quality, sustainably grown materials, Gildan is committed to significantly lowering our impact on the planet.

## RESPECT FOR people

At Gildan, human rights, ethical labour and inclusivity are priorities. Whether it's through ensuring fair wages, empowering workers to develop skills and pursue education, offering a higher standard of living, giving access to free medical care to some of our manufacturing workers and maintaining safe and healthy work environments, we understand that treating people with respect and dignity is essential to our company's success.

## RESPECT FOR communities

We believe it's vital to create and support positive community development in the countries we operate in. From providing youth education and strengthening social programs to offering employee programs to inspire and connect, Gildan is proud to continually grow and strengthen our supply chain ecosystems.

## RESPECT FOR transparency

Honesty and ownership are two values at the core of Gildan's business model. The visibility we have over our manufacturing is rare in our industry. Not only can it inspire people to think differently about what they wear, but it can also contribute to the global conversation surrounding supply chain transparency.

# DECORATOR'S TECHNIQUES

## HEAT TRANSFER

Heat transfer involves combining heat and pressure to transfer images to garments. This is a great option for detailed prints, customization, shorter runs and quick turnaround times.

## EMBROIDERY

Embroidery is sewing a design, type or logo onto a garment with special thread. This technique gives garments a higher perceived value and works particularly well on heavier weight garments such as fleece.

## DIRECT TO GARMENT

Direct to garment printing (DTG) is printing on textiles using inkjet technology which usually utilizes specialized water-based inks. DTG is particularly effective for short runs, full colour printing, or for reproducing fine detail.

## SCREEN PRINT

Screen printing (or silk screening) is a technique that uses stencils and ink to create designs on garments. It is the most economical method for producing large quantities that involve cotton or cotton-blend garments.

## DISCHARGE

This form of screen printing uses a water-based catalysed activator ink. The discharge agent neutralises the colour in the garment while also adding the new colour. Discharge base (without colourant) will discharge many garments to a soft natural colour.

# OUR PASSION IS IN OUR GARMENTS.

Gildan® is proud to be reliable, straight-talking and zero fuss. We aim to help decorators and designers run successful printwear businesses. That's why we care about the things that matter: affordable and high-quality garments that last.

We've introduced nine brand-new styles. Our collections have grown with the addition of eight new Gildan® Softstyle™ styles and a Heavy Blend™ blanket.

Also, our products come in an even greater selection of colours, thanks to the fourteen new colours that have joined our palette.

We're passionate about constantly expanding our range and improving our service so that we can offer smarter choices to our decorators and designers.

These premium fleece and tees deliver on their promise, with a variety of fabrics ranging from smooth, ring-spun cotton to cotton blends. Our newly added Gildan® Softstyle™ fleece styles are a perfect blend of 80/20 with a highly printable 100% ring-spun cotton print face. CVC tees offer a perfect drape with a durable blend, and our 980 with EZ Print Finish™ creates a perfectly clean print surface. Whatever your clients' needs, whether it's for lightweight or midweight t-shirts, polos or fleece, Gildan® Softstyle™ is sure to deliver elevated, stylish and easy-to-wear softness.
